Keeping you safer

Cable ties 22HD in **U62X**

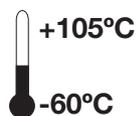

For chemically environments

- Cable ties for installations in chemically environments. Good performance when exposed to acids.
- For indoor and outdoor installations, with good resistance to UV.

Classification acc./IEC 62275:

- Type I: Widths 2.5 mm and 3.6 mm
- Type II: Widths 4.8 mm and 7.6 mm

TEMPERATURE

EN 62275

OUTDOORS

EN 62275

CORROSION

Characteristics of cable ties 22HD in **U71X**

Resistance to traction (loop tensile strength)

CABLE TIE REFERENCE	2221HD	2233HD	2244HD	2247HD	2272HD	2273HD
STRENGTH	80N (8.16 kg)	130N (13.6 kg)	220N (22.6 kg)	220N (22.6 kg)	530 N (54.4 kg)	530N (54.4 kg)

Added value product

For high moisture, corrosive (dilute acids) and low temperature indoor and outdoor installations, where a good mechanical resistance is required.

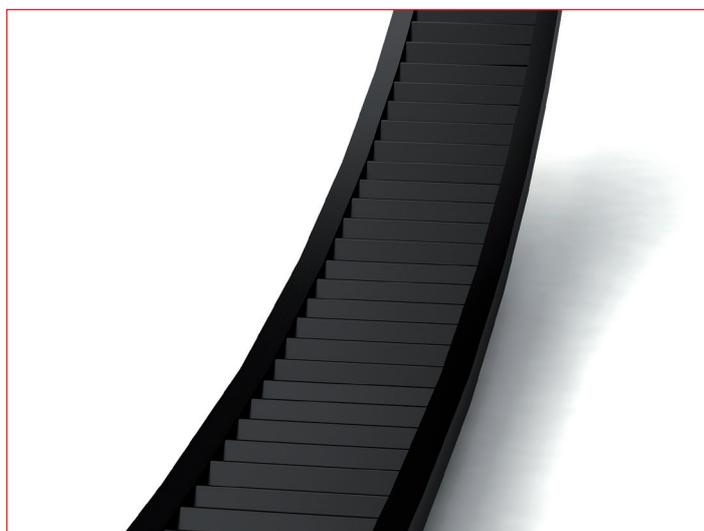

The Cable ties 22HD are commonly used in chemical and petrochemical industries and also in the food industry, in the closed production processes of liquid products (baby food jars and juices line, milk drink products line, bottled water line), where the cleaning products used are highly corrosive.

- Resistant to chemical environments in outdoor installations
- Resistant to UV rays
- Good performance at low temperatures
- Good mechanical strength
- Own formulation of the raw material

Easy mounting and smooth threading

Unex cable ties are easy to thread, allowing quick and effortless manual assembly. Finger-friendly rounded ends.

Inside teeth

Inside flush teeth, assuring tightening and protecting the cable jacket.

Certified system

The quality of Unex solutions is guaranteed by the strict accomplishment of product and application standards, as well as by obtaining quality marks and approvals.

Width 3.6 mm 1:1 		Cable ties sizes (width x length) 3,6x142	
 U71X Black Cable ties for chemical environments Weather-stabilized		2233HD	
Width 4.8 mm 1:1 		Cable ties sizes (width x length) 4,8x188 4,8x287	
 U71X Black Cable ties for chemical environments Weather-stabilized		2244HD	2247HD
Width 7.6 mm 1:1 		Cable ties sizes (width x length) 7,6x299 7,6x376	
 U71X Black Cable ties for chemical environments Weather-stabilized		2272HD	2273HD

Note: Due to the various factors affecting the performance of the cable ties when exposed to chemical agents (concentration, temperature, UV radiation, mounting method, etc.), the particular environments of certain installations should be individually studied with a specific test.
