For fixing and connecting pipes in split type air conditioning systems

- Innovative design that facilitates the handling of pipes and speeds up the air conditioning system assembly process.
- Solid mounting bases that make the system more secure.
- Robust, rectilinear-shaped system that guarantees an aesthetically pleasing, durable finishing.
- Paintable.
- Film protected.

Two assembly systems to choose from, depending on the base

Detachable strip for HVAC with pre-cuts

- Freedom to choose the length of the base without the need to cover the whole wall section.
- Easy to measure and align the sections without using tools.
- Good finishing system, that it absorbs the wall unevenness.

Single base plate for HVAC

- A solid piece for each cover width, which ensures system robustness.
- No need to alter or cut the base to install it.
- Fast assembly, because the base is directly positioned on the wall following the straight level line marked previously on the wall.

C-shape cover for HVAC

- Rectilinear design that integrates with the construction elements, giving the system a nice finishing.
- Its rigidity ensures good anchoring to the base and prevents deformations.
- A single part number for the two types of base.

Fittings

- Robust, single piece design, assembled above the cover, hiding the cuts.
- Greater length of the fittings to better adapt to the cover and absorb the wall unevenness.

Easy to install pipes and cables

- Possibility of choosing the most suitable Unex cable tie dimension, up to 7.6 mm width, ensuring the anchoring of pipes and cables.
- The base slots allow new cable ties to be placed without disassembling material already installed.
- The fastening of pipes and cables is completely independent.

Trunking 31 for HVAC: Part numbers

	Trunking sizes (mm)	45x75	60x100
	Grey RAL 7035 (ref. 31XXX-04) White RAL 9010 (ref. 31XXX-02)		
	Detachable strip L = 2m	31075-04	31100-04
	Single base plate	31175-04	31101-04
	C-shape cover L = 2m	31021-02	31033-02
	Flat angle	31221-02	31233-02
	External angle	31271-02	31283-02
	Internal angle	31321-02	31333-02
	Joint cover piece	31521-02	31533-02
	T-joint	-	31433-02
	Wall bend duct	31610-02	31623-02
	Wall duct	31670-02	31683-02
	End cover	31371-02	31383-02
